Living Waters

Living Waters was a spiritual health spa based on ancient Kabbalistic teachings and open to people of all faiths. It was formed by Rabbis Shoni & Phillip in 1992 for the purpose of creating a nurturing, joy-filled environment designed for healing the mind, stimulating the body, and liberating the soul.

"Your stay includes gourmet vegetarian dining; ancient ceremonies and new rituals; yoga with Kabbalah; relaxation techniques and skills for a healthful way of living."
